

# Newstripe's Airless Painter's and Accessories

**4250 Airless**

**4400 Airless**

**Newstripe's walk-behind machines use standard 5-gallon pails making cleanup and color changes quick and easy. Large pneumatic tires and ergonomic handles make it easier to produce straight lines while being comfortable to operate.**

**Newstripe Airless models feature a fully adjustable 0-3000 psi pump. They spray almost any paint, making them ideal for striping athletic fields or parking lots. The Quick-release spray gun with 25' hose is easily removed and perfect for stencil work.**

## **4250 Airless**

The 4250 is our most economical and lightweight airless unit featuring a 190cc Briggs & Stratton engine with a .34 gpm pump that can spray both water and oil base paints. The spray gun is removable for painting stencils and curb stops. Backed by an 18-month warranty.

## **4400 Airless**

The Newstripe 4400 features a 126cc Subaru OHC engine and has a .44 gpm pump that sprays 2"-6" wide lines using thinned or non-thinned paint. An inlet filter screen, gun filter and reversible spray tip prevent clogs. Backed by a 36-month warranty.

## **4600 SP Airless**

All the great features of the 4400 plus, it is self-propelled. Add the optional drop-down rear caster to either model to paint circles and arcs. Ask about our NewRider models for multiple fields and sport complexes. Backed by a 36-month warranty.

## **Field Marking Paint**

Newstripe's premium paints produce bright, high quality lines. Our white concentrates saves big on shipping costs and eliminates measuring. Create

vivid mascots and team logos with our wide range of colors. Newstripe's paint is environmentally safe and easily cleans up with soap and water. We also offer a full line of latex traffic paints.

## **PolyTough™ Stencils**

Our stencils are so tough that we put tough in the name. These industrial grade stencils are cut from a 1/8" high-grade plastic. They are the most durable stencils available. Newstripe stencils are designed for the heaviest use, misuse and abuse and are backed by our Life-time warranty.

## **Field Layout Systems**

SafeMark™ and Proline™ locators install easily to locate key field dimensions and quickly mark any size field. Measure once to stripe and re-stripe fields season after season. Available in sets for football, soccer, baseball and more.

# Newstripe's Walk Behind Field Marking Equipment

**Eco-Liner™**

**Newstripe's Eco-Liner, low-pressure models are an economical alternative to our airless machines. Designed for use with thinned field paints, the Bidirectional spray heads produce 2"-6" wide lines in on pass. Use the Hashmark Master with any Eco-Liner model to quickly spray hash marks. Options include a hand wand with 12' hose for stencil work and the Perfect Circle or RearCaster for circles and arcs.**

## **Eco-Liner™**

Our battery powered "green" machine stripes up to 8 hours and includes an on-board battery charger with 45psi diaphragm pump. (Battery not included)

## **Eco-Liner II™**

The 126cc OHC engine powered version of the Eco-Liner with 60 psi diaphragm pump eliminates the need to re-charge a battery.

## **Eco-Liner™ SP**

The self-propelled version of the Eco-Liner II features a variable speed, friction drive that is great for the user with several fields to stripe.

**Eco-Liner SP™**

## **Hashmark-Master™**

Easily paint hash marks five times faster than other methods. Eliminates repeated measuring or using stencils and templates that require a two or three man crew.

**Perfect Circle™**

## **Perfect Circle™**

Paint absolutely perfect circles and arcs easier and faster than ever before. The spray head's unique spring-loaded feature precisely and automatically guides the paint machine in a perfect circle.

**Newstripe's economical Scotsman model uses an industry proven, pressurized tank. This conventional sprayer produces great lines while saving money over using aerosol cans.**

## **Scotsman™**

A 4-gallon tank and 8" wheels can spray 2"-6" wide lines and the available air or Co2 power packs eliminate hand pumping.

**Hashmark-Master™**
