

Bona Sport[®] **Product Catalog 2018**

Meet the Bona Team

Bill Price: National Sport Manager

I am a 4th generation hardwood floor professional working in the business for over 30 years, 20 of which have been spent at Bona. I have consulted with the majority of NBA teams and arenas as well as Division I colleges and universities throughout my career. For the last 7 years, I have consulted for Disney and ESPN's Wide World of Sports. Please feel free to give me a call if you would like to set up a job site demo or have any troubleshooting questions.

Phone: 617.510.8646 | **Email:** bill.price@bona.com

Phil Sanchez: Sr. Sport Manager for Central Region

I have been with Bona for nearly 8 years in a variety of roles. Sport floors have proven to be a fun area in floor refinishing and I look forward to any opportunity to help sport floor contractors achieve top notch results with our products. Please contact me if you have any questions regarding sport floor refinishing, Bona Sport products, or if you would like to set up an on-site demo.

Phone: 970.396.2582 | **Email:** phil.sanchez@bona.com

Kyle Scholle: Sport Manager for the West Coast

Bona has created new and innovative ways to support the latest trends in sport floor designs, from tinting with stain to custom blended game line paint. I can train you on Bona's complete line of products specifically designed for sport floors that will take your craft to a new level. Please call me if you would like to set up a job site demo or if you need help troubleshooting sport floor issues.

Phone: 307.922.4555 | **Email:** kyle.scholle@bona.com

Tom Amato: Sport Manager for the East Coast

As a former distributor representative, I have been involved in marketing, training and finishing of sport floors for the past 23 years. Bona Sport, with its advanced technology in coatings, paint and stain options, allows for unique graphics and custom applications. I am available to support your sport program and introduce you to these new trends in the industry. Please feel free to contact me for on-site demonstrations, seminars, or any troubleshooting questions. I look forward to working with your organization.

Phone: 516.680.5128 | **Email:** tom.amato@bona.com

Technical Support

Call our Tech Service Reps toll free (800) 872-5515 from 7:00 a.m. to 5:00 p.m. (MST), or e-mail ustech@bona.com for answers to your technical questions. Also visit Bona.com for news, floor care information, equipment, product specification sheets, and Bona distributors listed by state.

Why Bona?

For nearly 100 years, Bona has been the industry leader in innovative and premium product solutions for hardwood floors. We pride ourselves on our heritage, knowledge of the industry, training expertise and our passion for hardwood floors. As the industry changes and grows, Bona continues to focus on sustainability and our environment, while researching and producing quality products, systems and services that will benefit our customers and hardwood floors. We remain the only company in the industry to offer a complete product line, specifically designed for wood sport flooring systems, from daily maintenance, recoats to full sand and finish.

Reasons to choose Bona:

1. Bona dedicates resources, both in facilities and expert personnel, to the research and development of products specifically for wood sport floors.
2. Total-solutions approach - only company in the industry who has a complete system of products for specific use on wood sport floors.
3. Green. We are committed to leading the industry in developing and promoting products that meet or exceed governmental standards for the environment. Bona waterborne sealers, finishes and waterborne gameline paints are all GREENGUARD certified for indoor air quality.
4. Bona SuperSport and SuperSport ONE® are approved by the MFMA. Additionally, SuperSport ONE is FIBA approved.
5. Bona finishes are used on 29 of 30 NBA floors and over 50 collegiate sport floors. Moreover, our system of products have been used on the NCAA Final Four floors since 2011.
6. Bona has the most experienced and best trained staff of world class wood sport floor solutions, and can use that experience to train and support your team.
7. Bona manufactures proprietary polymers so we have more control over the quality and performance of our products.
8. Bona pioneered the development and use of waterborne finishes and is active in reformulating safer products, removing ingredients such as NMP and APEO, amongst others.

We work hard to create products and systems that work together to provide exceptional results for hardwood floors around the world.

No other company in the industry can surpass our service, product development, training and commitment to the athletic floor industry.

Coatings

Whether you're looking for shine, color, slip resistance or durability, Bona has the ideal finishing system for all types of wood sport floors. Since the 1970s, we have been the world's pioneer in waterborne finishes, providing low-VOC, solvent-free solutions for every flooring need.

From a rainbow of gameline paints to our premium finishes, the Bona Sport® finishing system is designed to work as a team to ensure championship beauty, performance and durability for hardwood floors that take on a vast amount of wear and tear.

On the following pages, you will discover all the finishes you need to create beautiful, durable and easy to maintain wood sport floors.

- Waterborne Sport Floor Sealers
- Waterborne Sport Floor Finishes
- Bona AmberSeal®
- Bona NordicSeal™
- Oil-Modified Sport Floor Sealers
- Oil-Modified Sport Floor Finishes
- Sport Hybrid Systems
- Waterborne Sport Floor Paint
- Oil-modified Sport Floor Paint
- Bona DriFast® Stain
- Applicator Tools

Coatings

Sport Hybrid System

As the capabilities of our Hybrid Systems improve, the opportunities for wood sport floors increase. By combining waterborne and oil-modified sealer and finish systems, you can reduce dry times and minimize risks, while maintaining superb durability and championship appearance. By blending sealers and paint, you can attain countless colors and looks, achieving unique and eye-catching sport floors. Bona's Hybrid Systems are supported on both newly installed and existing floors.

Bona Sport Oil-Modified Sealer with Waterborne Finish

If your customer is looking to preserve the true gameline paint colors over the duration of the floors lifetime, consider using a Bona oil-modified sealer top-coated with a Bona waterborne finish for the perfect system. This system provides the rich look of oil on maple, while protecting the color's integrity and maintaining high durability standards the Bona finish system offer.

- Keeps graphics vibrant and true
- Minimizes risk of side bonding
- Won't amber/yellow over time, keeping colors brighter and more vibrant

Bona Sport Waterborne Sealer with Oil-Modified Finish

Using Bona's waterborne SuperSport DTS® sealer top coated with Bona's oil-modified sport floor finish will allow for the benefits of using a waterborne system while giving your customers the look and feel of an oil-modified sport floor.

- Higher gloss retention
- Provides authentic foot feel

Sport Hybrid System

Custom Gameline Paint Colors

Bona offers two types of gameline paint formulated solely for wood sport floors. Both are available in vibrant, primary colors that are uniquely designed to create or match any custom color through blending.

- Blend infinite custom paint colors
- Fast dry times
- Compatible with both waterborne and oil-modified finish systems

Bona Sport Intense Court Staining

Bona CourtLines® Paint is an oil-modified offering which can be combined with Bona DriFast® Stain to create a unique intense stain system that allows you to achieve deep, rich colors while letting the natural beauty of the wood shine through.

- Deep, rich stains
- Buffable system saves time
- Suggested starting ratio is 2oz. of paint to a quart of stain

Bona SuperSport Waterborne Tinting & Glazing Systems

By combining two premium Bona waterborne products; Bona SuperSport Paint® and Bona SuperSport DTS® sealer, you can achieve infinite custom tints which allow the natural grain of the wood to shine.

- Fast dry times
- Tint over large areas at a time
- Suggested starting paint to sealer ratio is 1:4

Bona DriFast® Stain

Bona DriFast® Stain presents 26 innovative and inspiring colors that prove just how beautiful durability can be.

- Penetrates, stains, and seals bare wood
- 800-1,000 sq/ft per gallon coverage rate
- No bleed back
- Easy application
- Excellent blendability and repair

Samples shown are on red oak. When staining maple, it is best practice to water-pop the floor. Always provide adequate samples as stain colors will vary with species, lighting and sanding techniques.

Bona SuperCourt® Finish Dispensing Bucket

The Bona SuperCourt Finish Dispensing Bucket is the most efficient way to tackle the process of recoating hardwood gym floors. The finish bucket dispenses an even and precise flow of floor finish from the spigot, providing a level coat without bubbles or streaks, accelerating and perfecting the finishing process. The operator controls the amount of finish dispensed by walking pace and adjusting the spigot throttle.

Bona®

Gym Floor Maintenance

Bona SuperCourt[®]

Wood Sport Floor Maintenance

PREVENTION:

- Place proper walk-off mats in doorways to keep out dirt and grit.
- Install felt pads on tables and chairs used on hardwood floors.
- Avoid excess moisture from tracked in water, leaks, or over-maintenance such as wet mopping.

DAILY DUSTING & CLEANING:

- Dry dust daily with a Bona SuperCourt Microfiber Dry Dusting Pad to remove dust, grit or other abrasive particles. **DO NOT USE ANY DUST MOP TREATMENTS.** Replace or wash dusting pads as necessary.
- Damp mop all spills or spots with a Bona SuperCourt Microfiber Wet Cleaning Pad dampened with Bona SuperCourt Hardwood Cleaner Concentrate. Dilute at the 1:128 ratio.
- Bona SuperCourt Winter Cleaner can also be used to remove calcium chloride. Dilute at the 1:64 ratio.

PERIODIC MAINTENANCE:

(Recommended three times per week, and daily during high traffic/gym use times.)

- Dilute 1 part Bona SuperCourt Hardwood Cleaner Concentrate to 128 ounces of water for a tacking solution. Wet tack with a Bona SuperCourt Microfiber Wet Cleaning Pad. Be sure to rinse or wash cleaning pad as necessary. Continued use of a soiled cleaning pad will cause streaking.
- During winter months, use Bona SuperCourt Winter Cleaner Concentrate to remove salts and calcium chloride tracked in. Tack the floor with a Bona SuperCourt Microfiber Wet Cleaning Pad and be sure to wash after each use.

DEEP CLEANING:

- Shoe marks and scuffs can be removed by using Bona SuperCourt Microfiber Scrubbing Pad with a solution of hardwood cleaner concentrate, diluted 1:128.
- Lightly mist the floor with the cleaning solution as you buff. Both sides of the microfiber pads can be used, then should be washed. Continued use of soiled pads will cause streaking.

Wall poster available, ask your Bona sales representative for details.
